8. Wilson: U18 Lancers 4-3-0 ISPL

OLD BUSINESS-

- First aid- The club is looking into the possibility of having minor medical training for coaches.
- Sport Town- Only 1-2 teams have taken the opportunity with Sports Town. Due to the lack of response there will be no Friday night drop in's.
- Keeper Clinics- Clinics will tentatively begin back up in the spring.
- U14 Team- the 3 x 3 tournament was very well executed. There were 24 teams competing in the tournament. There was a concession stand, and all received trophies. The games were each 20 minutes long. The nets from the tournament have been donated to the club.

NEW BUSINESS

- Winter Coaching-Michael will ask coaches to vote on how to run the winter coaches clinics.
- NSCAA-Response received. The report will hopefully be available by the end of November.
- ELECTIONS- elections for board positions will occur in December. Open positions will be for Vice President and Registrar.
- Referees-there is a shortage of referees in the area in both Illowa and ISPL. Anyone interested can attend a referee clinic. If interested, contact Mike Shinbori and the NSSC can set up a clinic as Mike is an instructor.
- Field Committee- Looking to getting the new Field Committee up and running again. We will potentially reach out to city councils regarding short and long term goals. Kara Luett, Henry Latham, and Julie Edmunds have volunteered to be a part of the committee. If anyone else is interested, contact Sharron Gephart. The ultimate goal is to have enough land for practice and game fields. We would like to eventually hold our own tournaments.

Meeting was adjourned at 6:47pm
